

Certified Motorcycle Surveillance Development Course

Duration 3 days

Aims

To provide the candidate with basic Surveillance Tactics relating to the safe and covert use of a motorcycle during surveillance operations.

Objectives

By the end of the course the candidate will be able or better able to;

- Describe the need for safety issues relating to the operative and his/ her machine prior to deployment.
- Demonstrate the use of specialist surveillance motorcycle techniques.
- Demonstrate navigational techniques whilst using the motorcycle during surveillance operations.
- Operate as the surveillance motorcycle during a 1 day exercise.

Assessment and Certification

The candidate will be continually assessed for competency against National Surveillance Standards in 3 areas;

- Safety of the operative and machine
- Surveillance Motorcycle techniques and tactics
- Navigation

A Certificate of Competency will be issued to competent candidates. Any candidate not reaching competency will be given developmental feedback.

Cost: Half day assessment at a pre-arranged location £150.00p

Subject to passing the half day Bike safety test, full 3 day course fee £2000.00p
